

The Ossie News Updates

On Monday 25th June, our school began our participation in Sports & Health Week. We took part in a wide range of fun activities including a World Cup football tournament, Kidzfit sessions, Taekwondo, Bike ability, Kin-ball and food tasting sessions, as well as every class taking part in a daily mile, which we all raised sponsorship money for to go to a great cause - the Phab Kids charity. As well as all of those activities, we also took part in our World Cup themed sports day! Each class was given a team to represent, either England, Spain, or Brazil and everyone took part in a sack race, tray race or obstacle race. We had a great time, especially cheering on our teachers and parents in their races, and after all of the points from each race were counted up, England were the winners! Let's hope that proves to be a good omen for the real World Cup too. Come on England!
