Dear Parents/Carers,

On Tuesday 18th June, we are running a KS2 'Aspiration' Careers Carousel, 9am-10:30am (refreshments served from 8:45am) in the school hall in the junior building. It will give the children the opportunity to question adults about their jobs and enable the children to gain an insight into different jobs and careers, which may be of interest to them in the future. It will not only broaden children's horizon about the world of work but will also give them a great foundation for reflecting on what they may need to do to develop their own individual career development.

We are looking for adults to support our careers carousel by volunteering to talk to small groups of children about their job. All volunteers will have a small table in the hall and groups of about 6 children from Y3-Y6, will move round each station talking to the adults for about 5 minutes at a time about their jobs/work. These children will then report back to their own class about what they have found out and what they found interesting.

If you are interested in supporting our 'Aspiration' careers carousel, or you know of someone else who would like to support it, could you please indicate below with your contact details and send it back into school. We will then contact you with further details. We would love to have as wide a range as possible of jobs, vocations, trades, examples of employment, so children can see the wide variety of jobs there are out there in the world of work. All types of work will be extremely valuable for the children to hear about.

Once again, thank you for your support and being willing to give up some of your valuable time. I know the children will find this very interesting as it will make them think about possible future career paths, as well as subjects and qualifications that they may need to gain in order to achieve their goals.

Yours sincerely

Mrs. McBrien, Miss Denson, Miss Guy

I am able to support the careers carousel, or know of someone who can support it, on Tuesday 18th June, 9am-10:30am.
