BREAKFAST CLUB

Recently we launched the new school app and you should have received an enrollment letter to allow you to access to our Weduc App.

When we launched the app we mentioned that it would be used to allow parents to book places in the school Breakfast Club. We are now able to trial this function so you will be able to book and pay for places at Breakfast Club on the app. The trial will take place from now until the Christmas Holidays and if it is successful we will roll out the system fully on the return to school in January.

During the trial period you will be able to book and pay for Breakfast Club using the app or turn up at Breakfast Club as currently and pay on the door. After the holidays, we will be limiting the number of places to 50 and priority will be given to pupils who have pre-paid for places via the app.

To book places on the app, go to the payments section and choose the pupil and the sessions you would like to book. You can pick just one day or any number of days up until Christmas at the moment. Please remember, your reservation isn't confirmed until you have paid and checked out the booking. So just placing a session into the basket will not reserve the place.

If you need an enrollment code, please let me know and one will be sent to you via email or paper copy. If you would be interested in setting up a PayPoint account, to allow you to top up a payment card in local shops, please let us know as this may be possible.

The payment function of the app is also being used to allow payments for school trips and will be used more and more. We also hope to expand the use to school meals so you will only need one school app in the future.

If you have any questions please get in touch.
