

## The Junior Memory Championship

### Main Worksheet 1: IMAGINATION

Spend 2 minutes looking at one of the 'A' lists below. Try to picture all the items in your head. Exaggerate the images to make them dramatic. Add senses if you can – like touch, taste and smell. Then, cover the information and look at the 'B' list next to it. Can you remember which 5 words were also on list 'A'? Underline each one you think you saw – then check your success and give yourself a score out of 5 (1 mark for every word you recalled correctly).
