

St Oswald's Catholic Primary School Home Learning

Year group 5

Week Beginning: 11th May 2020

	Monday	Tuesday	Wednesday	Thursday	Friday
 Maths	Times Tables Rockstars https://trockstars.com/ Addition See the worksheet called 'Joins'. The task is to join any 4 numbers from the grid (horizontally or vertically) and find the highest number possible. Then do the same for the lowest number possible. Challenge: Then join 5 numbers across the grid, also finding the highest/lowest possible scores. Then try using only diagonal joins. Does this alter your findings?	Practise all your Times Tables by completing a speed challenge: https://www.timestables.co.uk/speed-test/ White Rose Maths https://whiterosemaths.com/homelearning/year-5/ Week 3 Lesson 4—Calculate the perimeter Watch the information video and answer the activity questions. Answer sheet provided.	Times Tables memory game pairs: https://www.timestables.co.uk/times-tables-memory.html Maths Problem solving treasure hunt How to play: 1: Print out the map and the question cards. Cut the cards out and have an adult hide these in different locations around the house. 2. Take the map and search the house for the question cards. You can complete this in any order and do any working out on the back of the sheet. Fill in the answers in the spaces provided.	Times Tables Rockstars https://trockstars.com/ Money – reasoning & problem solving See the information given about the prices of each customer's purchase on the worksheet 'Franco's Fast Food'. Your task is to calculate the cost of each food item on the menu. You will have to work systematically (you could try using bar modelling to help you process the information.) You will need to use the 4 operations of number to help you calculate the answers.	Times Tables rally game https://www.timestables.co.uk/rally.html White Rose Maths https://whiterosemaths.com/homelearning/year-5/ Week 3 Lesson 5 –Friday challenge Classroom kitchen – cooking class maths challenge See the attached worksheets for ingredients and equipment needed for the different recipes. There are also recipe cards available, or you can cook along with the online video. You can also share your photos or comments online

			3. Have your adult mark your answers. If you got any wrong, see if you can complete a correction (remember, a correction is working through the calculation again, not just writing the correct answer in the box.)		using #mathseveryonecanathome . Tag us @StOswaldsPriLiv
Word of the day- find the definition, write it in a sentence and learn how to spell it.					
English	 <p>Word of the day sheen</p> <p>Reading lesson: Tell Me No Lies by Malorie Blackman https://www.bbc.co.uk/bitesize/articles/znr47h You will learn about giving your impression of a character, using inference skills to think about characterisation and using the text to write in character</p> <p>This lesson includes: two videos of professional dancer Dianne Buswell reading extracts from the book Tell Me No Lie and three activities to do at home.</p>	<p>Word of the day shapeless</p> <p>Spellings-cious & tious spelling rule</p> <p>Go through the PPT and recap on the spelling rule. At the end, see if you can choose the correct suffix for the given root words.</p>	<p>Word of the day sheepishly</p> <p>The Witch – adventure story writing task https://pobble365.b-cdn.net/pdf-attachment/resource/attachment/91/091_The_witch.pdf</p> <p>Tasks- Answer questions about the ‘witch’ prompt. See if you uplevel the given sentences in a grammar challenge. Use the story starter to continue the story, explaining what happened to the witch and how she has got to this point.</p>	<p>Word of the day shimmying</p> <p>Missing commas</p> <p>Can you read the sentences and using your knowledge of commas in lists and clauses, place them in the correct places?</p>	<p>Word of the day shilly-shally</p> <p>My lockdown diary</p> <p>We are living in a very strange time - this is something that children will be learning about in the future. Have a look at this lockdown diary. When you have time, try to fill in the pages and you will have something to keep and look back on in many years to come when this is all over, You will remember your emotions, what you did to stay occupied and the things that you realised were the most important in life.</p>

	<p>Science- Water Saving Week https://waterwise.org.uk/wsw-kids-pack/ This week is #WaterSavingWeek Follow the link to the children’s water pack and complete some of the activities. -Be a leak detective! Follow the guidelines in our ‘How to be a Leak Detective’ handout. -Complete the ‘Animals who live in and around waterways’ word search. These animals all rely on the water in the rivers and canals that they live near to! -Check out the Diary of a Water Superhero, by the Dry Project. -And more!</p> 	<p>RE - Transformation Think about ‘energy’ – what do you understand by the word ‘transformation’? The energy of sun, wind and water can be transformed and used as sources of renewable, clean and earth friendly energy. As human people we too have energy that can be transformed to good through using our minds, our time and our energy for the well being of others. Discuss the given questions with someone at home.</p>	<p>PSHE – Role Models Think of a list of characteristics that positive role models possess. Think of someone you know who you think of as a positive role model and spend a short time writing about that person and their characteristics.</p>	<p>DT – National Vegetarian Week https://www.nationalvegetarianweek.org/ #NationalVegetarianWeek is all about enjoying delicious, plant-based food. It’s an unusual time at the moment, but it’s also a chance to have a go at something new and enjoy cooking at home. The link has 7 classic, comforting meals with a plant-based twist for you to try. It’s really easy too – just download the simple recipe cards and get cooking!</p> 	<p>Computing- Online Relationships </p> <p>We want you to think about what online communities you are a part of and how you can make a positive contribution to these communities. We would like you to design the idea for an app or online community. See the pdf for instructions.</p>

Physical activity- PE with Joe Wicks

<https://www.thenational.academy/online-classroom/pe#subjects>

Physical activity- Mr Mosaid's daily challenges

Go onto our Twitter page @StOswaldsPriLiv and see what videos he has uploaded. See if you can complete the challenge he has given. Take a video and upload your attempts in the comments. Good luck!

Geography – Water – growing for the future

Linking with the Science topic of 'water' this week, and your autumn Geography topic of 'water', we would like you to design a sustainable garden. Look at the attached information leaflet with instructions on how to grow your own crops. See how to keep them healthy and ways to use water effectively. Once you have designed your garden patch, you could make it – only if you have the space, time or equipment!

RE – National Children's Day

<https://www.nationalchildrensdayuk.com/ideas-page.html>

On Sunday it is National Children's Day. The theme is 'Small Steps'. In school, we learned about Jesus' mission for us all – to spread the Good News. We would like you to link these together and think about the small steps you could take to help make happier families, stronger communities and a healthier and more connected planet. See the above link for ideas.
