Jesus and his friends worked very hard. They travelled on rough, dusty roads to towns and villages all over the country.

Sometimes they had to walk a very long way to get from one village to another.

All day long they told the people in the villages and the towns the Good News of God's love for everyone.

They answered lots of questions that people asked them about God, sometimes very hard ones.

In the evening, they felt very tired. Sometimes they all went to a quiet, lonely place to eat, to share with each other what had happened during the day, to rest, to be quiet and still.
