Writing task: Diary entry

Bilbo is extremely confused as to why a “large” man has approached him. Gandalf explains to Bilbo that he is looking for somebody to “share in an adventure”.

Bilbo is even more confused by this question until...

Gandalf explains that he knows Bilbo’s parents and even knew Bilbo when he was younger! Bilbo remembers his name but for reasons Gandalf didn’t expect. Although Bilbo refuses the adventure, Gandalf says:

“There we have it, I shall tell the others!”

YOUR TASK:

Explain in a diary entry in the role of Bilbo how he felt during this meeting.

- When Gandalf approached him, what did he see? How did he feel?
- When Gandalf asked to “share in an adventure” What did he think?
- When Gandalf refused to listen to Bilbo’s answer and assumed that he had accepted to share in the adventure.
