

Maya Food Anagrams

I can describe a range of foods that were eaten by the ancient Maya people and explain why certain foods were particularly significant.

Use the clues below to help you work out the anagrams for some Maya foods.

- A large animal hunted by the Maya for food.
- A protein rich food often grown alongside corn.
- A small, spicy fruit which could be added to many dishes.
- A sweet, sticky food made by a buzzing insect.
- A wild or domesticated animal which provided meat and eggs.
- The main food in the Maya diet. Used in a range of recipes.
- A small bean which was very precious and was used to make chocolate.
- A root vegetable whose seeds could be made into a nutritious paste.
