Dear parents/carers,

As you may be aware, all children in Year 4 will complete a Multiplication Tables Check in the summer term. This test will determine whether they can recall their times tables fluently. The test is completed on a laptop or tablet and consists of 25 random times tables questions which the children have 6 seconds to answer.

There are a number of online platforms which mirror the format of the Multiplication Tables check and allow children to become familiar with how to complete the test. This will help to build up confidence and speed when using a device to complete the test. We use the following websites to give children a good example of what the test will be like:

<https://mathsframe.co.uk/en/resources/resource/477/Multiplication-Tables-Check>
<https://www.timestables.co.uk/multiplication-tables-check/>

In addition, the following websites are all really useful for learning times tables and contain a range of strategies and games:

<https://trockstars.com/>
<https://www.timestables.co.uk/>
<https://www.topmarks.co.uk/maths-games/hit-the-button>
<https://www.topmarks.co.uk/maths-games/daily10>
<https://www.echalk.co.uk/Maths/tables/cloudTables.html>
<https://www.ictgames.com/mobilePage/index.html>
<https://mathsframe.co.uk/en/resources/resource/318/Tommys-Trek-Times-Tables>

All of these websites and activities will be familiar to your children as they use them regularly in school. If you can find time to use them at home, it will give your child an even better chance of passing the Multiplication Tables Check in the summer term. Knowing all of the times tables is crucial in allowing children to make progress in maths as they move up the school.

Thank you for your continued support,

Year 4 teachers
