

Endeavour Award 2021-2022

6TL

Evie

The definition of endeavour is “to work hard and put in effort to try and achieve something.” Evie has shown great endeavour in everything she has done this year. It has been a joy to watch Evie’s confidence grow throughout this year and to see the progress she has made in all areas. A wonderful role model with a positive approach to all she faces, I know that Evie will continue to excel as she starts secondary school, achieving great things.
